

EXHIBIT B

ALASKA REGION STIPULATIONS

(These stipulations are applicable for all national park areas in ALASKA)
(ADDITIONAL STIPULATIONS THAT ARE PARK-SPECIFIC ARE ALSO ATTACHED AND ARE SUBJECT TO CHANGE).

1. Proof of permit approval must be carried with the permittee and their employees when operating in the park unit. A copy of the signature page is acceptable and must be presented to any park employee on demand.

(Some parks require the permittee and employees to carry the full permit while operating in the park; please check the individual park-specific provisions.)

2. The permittee will have none of the rights or privileges of P.L. 105-391 specified for concession contracts. The National Park Service does not grant the permittee a preferential or exclusive right to conduct business in any National Park Service administered areas.

3. This permit may not be transferred, extended or assigned under any circumstances. This stipulation supersedes Exhibit A #4.

4. This permit does not authorize the permittee to advertise, solicit business, collect any fees, or sell any goods or services on lands owned and controlled by the United States. The Permit is for businesses (incidental) when there are no fixed commercial facilities within a national park area, the commercial activity originates and terminates outside the park, no money changes hands on park lands and no commercial solicitation occurs on park lands.

5. The permittee must obtain all permits or licenses of State or local governments, as applicable, necessary to conduct the business activities specified above and must operate in compliance with all pertinent Federal, State, and local laws and regulations.

6. Life jackets of the appropriate size must be available for all passengers including adults and children engaged in any boating activity on inspected and uninspected vessels.

7. REVOCATION - The IBP may be revoked at any time at the discretion of the superintendent without compensation to the permittee or liability to the United States.

REPORTS - Each permittee must complete both a Gross Receipt Report and “applicable” Activity Report(s) for all parks for which permit is issued. Reporting Forms are provided to each permittee along with the permit and it is the responsibility of the permittee to submit required reports by the due date without further notification or reminder from the NPS. Reports may also be downloaded from the NPS website at www.nps.gov/akso/concessions/home.htm . Applicable reports must be completed and mailed to National Park Service, Concessions, 240 West 5th Avenue #114, Anchorage, AK 99501 with a postmarked date no later than November 15th (unless otherwise noted below). If permittee does not operate, all required reports must still be submitted with a postmarked date no later than November 15th showing “no activity was conducted”. Non-submission of any report may be grounds for suspension, or revocation of the permit. (This includes other reports that may be required as specified in the park’s individual stipulations.) Negative reports are also required which means.

SPECIAL PROVISIONS
Glacier Bay National Park & Preserve

Juneau-Bartlett Cove Ferry Service

The Ferry Service is based on the provisions of P.L. 105-83, Sec. 127: “For the sole purpose of accessing park or other authorized visitor services or facilities at, or originating from, the public dock area at Bartlett Cove, the National Park Service shall initiate a competitive process by which the National Park Service shall allow one entry per day for a passenger ferry into Bartlett Cove from Juneau: Provided, That any passenger ferry allowed entry pursuant to this Act shall be subject to speed, distance from coast lines, and other limitations imposed necessary to protect park resources: Provided further, That nothing in this Act shall be construed as constituting approval for entry into the waters of Glacier Bay National Park and Preserve beyond the immediate Bartlett Cove area as defined by a line extending northeastward from Point Carolus to the west to the southernmost point of Lester Island, absent required permits.”

1. The NPS will authorize this service under the provisions of a Commercial Use Authorization until there is sufficient interest in providing the service to justify a competitive process.
2. The NPS will allocate trips on a first come, first served basis, or by drawing, if specific dates are requested by more than one permittee prior to **November 1** for the following year.
3. The Bartlett Cove Public Use Dock may be used for up to three hours for loading and unloading passengers and passengers’ personal effects and limited freight in support of the Glacier Bay Lodge concession.
4. Freight service other than noted above is not authorized. Loading or off loading vehicles is not authorized.
5. The NPS will designate space for docking, subject to other necessary and appropriate competing use. In general, the designated docking area will be at the face of the Public Use Dock in the 3-hour limit zone.
6. Use of the Bartlett Cove public use dock is limited to the minimum time necessary.
7. Sewage pump-out facilities at Bartlett Cove may not be used in support of this service.
8. Any use of NPS utilities (water, electricity, etc.) at Bartlett Cove requires specific approval of the Superintendent and will be reimbursed by the permittee at the established rates.
9. The permittee will submit a plan of operations to the Superintendent, prior to commencing operations, which details the operating schedule, itinerary, scheduled Bartlett Cove arrival & departure times, vessel name and description, and provisions for publicizing scheduling changes.
10. The vessel operator must notify the Bartlett Cove Ranger Station when the vessel enters Glacier Bay and on departure by calling KWM-20 on marine VHF channel 16 or 12. [36CFR13.65(b)(2)(ii)(E)]. Information to be provided on arrival includes expected Bartlett Cove dock arrival time and number of passengers. Information to be provided on departure includes the number of passengers and any whale sightings.
11. Each vessel operator must complete a boater orientation provided at the Bartlett Cove Ranger Station prior to departing Bartlett Cove on that operator’s first visit each year.

12. Operating on an itinerary other than as specifically approved by the Superintendent is prohibited.

13. Use is limited to the area shown on the following map.

14. In accordance with 36 CFR 13.65, utilizing the fuel dock for activities other than fueling is prohibited.

For passenger ferry services by vessels over 100 tons gross (US System) or over 2,000 tons gross (International Convention System), the following provisions will also apply:

1. Any costs related to this service will be born by the permittee.
2. The permittee is responsible for providing any security, mooring or other services required within the park.
3. The permittee's vessels may not discharge any black water (treated or untreated sewage) or gray water (domestic waste water other than from toilets) while within Glacier Bay.
